California Autobody Association Opposes SB1460 Will Testify at Next Weeks Hearing.

On Monday, April 16th the Senate Business, Professions, & Economic Development Committee will hear SB1460 (Yee), a bill concerning aftermarket parts introduced by Senator Yee. This bill will primarily create no governmental oversight, would presume to return vehicles with certified non-OEM parts to pre-loss condition, and increase the burden on small business. For detailed information on the bill, access the full bill on CAA's website at www.calautobody.com.

Attached is a sample opposition letter (in Word that you can revise) that CAA would like its members to e-mail or fax to Senator Yee and committee members. A list of the Business, Professions, & Economic Development committee members are below.
