

California Autobody Association San Diego Chapter

2018 Body Shop Compliance

"Do you think you know, or do you know you know?"

Wednesday February 21st, 2018 at 6:30pm

"50 YEARS STRONG"

Body shop compliance can be a difficult thing to keep up with! With regulations and laws constantly changing, new updates can easily slip through the cracks. Luckily for you and your shop, we've done the footwork and gathered an extensive panel of representatives from organizations such as;

- Pacific Resource Recovery (PRR) □ GMG Envirosafe
- KPA Risk Management □ Air Pollution Control District (APCD)

Each speaker will be given an allotted time to discuss the services that they and their organization provides, followed by an open-forum discussion where you can get the answers to your questions, right from the source!

**** recommended to all shop owners, managers, office personnel, and painters ****

- Remember that all our invited guest speakers should always be treated with the utmost respect and courtesy -

Meet-and-Greet starts at 6:30pm
Meeting starts promptly at 7:00pm

meeting location
Tom Ham's
Lighthouse
2150 Harbor Island Drive
San Diego, CA 92101
